

SURREY HILLS PASSAP CLUB

4th Thursday of the month – 10.30am – 3.00pm.

The club machines used are Passap E6000 and Passap Duomatic.

The aim of the club is to share ideas and increase knowledge of machine knitting. A number of group members are quite familiar with both machines and will demonstrate and assist anyone with a problem they have with their knitting.

Topics are discussed and demonstrated each club day.

If someone is unable to attend the club there are members who can help on a private basis.

Libby.

Phone: 9836 3213.

The Surrey Hills knitting machine club is part of the Machine Knitting Association of Victoria (MKAV)
